The MINI-540CO mini spy camera has a pinhole lens and is typically used in covert surveillance system applications. The 540CO is a pinhole spy camera that supports 960H and 2-megapixel (1080P) resolutions using 4 selectable video modes: analog CCTV (CVBS), 1080P AHD, 1080P HD-TVI, and 1080P HDCVI. This incredibly small color camera comes with a fixed 4.3mm pinhole Lens, which provides the user with approximately a 63° viewing angle.

This unique camera is the combination of miniature surveillance technology which offers the same viewing angle and great picture as many of our other high resolution cameras. For more information on this covert spy camera and to view sample surveillance images captured by it, click here to visit the MINI-540CO product page.

This easily concealable camera uses a 1/3" Panasonic CMOS sensor that includes an advanced OSD (On Screen Display) menu to adjust settings such as: Back light compensation, Day/night mode, Color, Contrast, Sharpness, Hue, Gain, etc.

This spy camera square case size is 25mm (wide) x 25mm (height) x 18mm (depth), these cameras can easily be hidden into walls, clocks, toys, and just about any object you want. Custom hidden spy cameras can be fabricated from just about anything to conceal these mini CCTV cameras.

The MINI-540CO comes with a “U type” holder / mount, as well as the power and video cable leads, and OSD joystick.
MINI-540CO Features

**Fixed Pinhole 4.3mm Lens**

960H resolution (analog CCTV mode) / 1080p resolution (AHD, HD-TVI, and HDCVI mode)

Dimensions of 25mm x 25mm and a weight of 72 Grams
