### Introduction

The Vandal Proof IP Dome is an outdoor camera designed with **IK10** vandal resistance and **IP67** ingress protection. The camera can support H.265 video codec to achieve better compression ratio while maintaining high quality pictures at reduced network bandwidths. For night operations, the camera allows up to 30 m (98.4 ft) IR effective distance. GV-VD2702 is capable of not only providing a color live view in near darkness but also under contrasting light intensities with its super low lux CMOS image sensor and WDR Pro.
