

## VDS-102HD HD CCTV Video Splitter

The VDS-102HD is a two channel HD CCTV video splitter that takes a single HD-TVI, AHD, or HDCVI BNC video input and distributes it to 2 BNC outputs. This is an excellent device for surveillance video applications that require a security camera to be connected to multiple monitors or DVRs. A camera or DVR can be used as the video input. A 12V-DC power supply is included.

### Features
