

# ZAVIO P4520 5MP Panoramic Fisheye IP Camera

- 180° / 360° Fisheye Mini Dome
- H.265, 50% lower bitrate
- 1/1.8" 5MPCMOSsensor
- WDR

The P4520 is a compact, yet powerful fisheye dome camera featuring many cutting-edge technologies. The high resolution fisheye lens provides 360° surround view with image detail even at the normally weak edges; the huge 1/1.8" 5-Megapixel image sensor ensures superior low light sensitivity; our advanced fisheye dewarping algorithms keep distortion lower than others while putting less computing loading on the server; and last but not least, video can be streamed in the ultra-efficient H.265 format, which has up to 50% lower bitrates and cuts your bandwidth and storage requirements in half.

It also features a removable IR-cut filter, MicroSD/SDHC/SDXC edge storage, PoE, two-way audio and alarm input/output, making it an extremely versatile camera with maximum coverage.
